Bermuda Hospitals Board and Johns Hopkins Medicine LIVE Diabetes and Well-Being; Multidisciplinary Healthcare

DESCRIPTION

This half-day virtual conference acknowledges the alarming incidence of diabetes in Bermuda with a multi-specialist consideration towards the diabetic patient. This multi-specialist approach can result in improved patient outcomes through an agreed treatment plan. Integration is the focus of care within chronic diseases management as it will help streamline pathways with reduced duplication in services. At the same time, it is critical to improve coordination of care, educational opportunities and mental health well-being. This approach to patient care results in enhanced patient satisfaction and reduces the time between diagnosis and treatment. The multidisciplinary approach improves collaboration and leads to reduced communication and care errors, ensuring the patient receives the customized care that they need. The multi-specialist team of speakers will educate and support physicians who care for individuals affected by diabetes to better understand and better manage this condition.

OBJECTIVES

- Educate physicians and other clinical professionals on the benefits of a multidisciplinary approach to optimize patient outcomes providing real-life guidance, coaching and support.
- Utilize evidence-based care, the multidisciplinary specialist team are responsible for the provision of services and treatment in which they are experts.
- Recognize the effectiveness of receiving care according to the clinical practice guidelines, including psychosocial support and understanding the impact of living with a chronic disease upon an individual's overall wellbeing.

ACCREDITATION STATEMENT

The Johns Hopkins University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT

The Johns Hopkins University School of Medicine designates this live activity for a maximum of 4.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

POLICY ON PRESENTER AND PROVIDER DISCLOSURE

It is the policy of the Johns Hopkins School of Medicine that the presenter and provider globally disclose conflicts of interest. The Johns Hopkins School of Medicine OCME has established policies in place that will identify and resolve conflicts of interest prior to this educational activity. Detailed disclosure will be made prior to presentation of the education.

AMERICANS WITH DISABILITIES ACT
