## DESCRIPTION

This course will explore the transformative landscape of healthcare through the lens of emerging innovations and practical solutions for the future. Attendees will engage with cutting edge advancements, from artificial intelligence (AI) and telemedicine to genomics and personalized medicine and learn how these technologies are reshaping traditional models of care.

## WHO SHOULD ATTEND

This activity is intended for general practitioners and is open to local Bermuda and international attendees.

## OBJECTIVES

After attending this activity, the learner will demonstrate the ability to:

- Describe developments such as telemedicine, precision medicine, drug safety, Artificial Intelligence (AI) in diagnostics, disease detection, and novel emerging treatments.
- Identify the latest developments in healthcare digital future how it will further shape the industry.
- Discuss how AI will affect the healthcare industry, trends, workflow, ethics and policies.
- Identify potential risks in terms of over reliance of AI in healthcare.

## ACCREDITATION STATEMENT

The Johns Hopkins University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

## CREDIT DESIGNATION STATEMENT

The Johns Hopkins University School of Medicine designates this live activity for a maximum of 3.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## POLICY ON PRESENTER AND PROVIDER DISCLOSURE

It is the policy of the Johns Hopkins School of Medicine that the presenter and provider globally disclose conflicts of interest. The Johns Hopkins School of Medicine Office of Continuing Medical Education has established policies in place to identify and mitigate relevant conflicts of interest prior to this educational activity. Detailed disclosure will be made prior to presentation of the education.

## AMERICANS WITH DISABILITIES ACT (ADA)

The Johns Hopkins School of Medicine fully complies with the legal requirements of the ADA and the rules and regulations thereof. Please notify us if you have any special needs.
