CLINICAL ACTIVITIES

Clinical Focus: I am a general internal medicine specialist, part the Tumulty Group, caring for adults with complex medical diseases and serve as their personal physician. I also teach clinical medicine, coach residents and help supervise a resident practice. Though predominantly outpatient, I attend to my patients when admitted, as well as cover our Assistant Chief of Service (faculty-level Chief Resident). My patients are diverse ethnically, economically with varied educational backgrounds and income, geographically and socially. I am the physician for many Hopkins leaders, faculty, nurses, staff and their families. In addition, I have a vibrant practice caring for those with HIV in the John G. Bartlett Specialty Practice and the Johns Hopkins Rockland Physician and Research Group.

Boards, other specialty

1991 National Board of Medical Examiners

1993-present American Board of Internal Medicine, Diplomate (recertified 2003, 2013)

Clinical (Service) Responsibilities

1997-present Medicine, General Internal Medicine, faculty practice, 2 sessions/week as well as admission, phone-in, EPIC MyChart work and on-call.

1997-present Medicine, Bartlett Service (formerly Moore Clinic), faculty practice, 0.5-1 session/week, phone-in, EPIC MyChart work.

1997-present Assistant Chief of Service (ACS) in-patient medicine coverage, 2-4 weeks/year. (2020 included 21 days COVID19 coverage)

1997-2005 Medicine, General Internal Medicine, inpatient consult service, 2-8 week/year

2002-present Medicine, Rockland Physicians Group (HIV care), 0.5-1 session/week, phone-in, EPIC MyChart work.

2020-2021 COVID "Pod" at GSS: sporadic sessions

2021 COVID Vaccine clinics (various): sporadic sessions

Clinical Productivity

Achieved over 100% RUV expectations consistently over the past 10 years (most recently 123% expected)

Percent patients "bumped": 0%

Percent notes signed within 14 days: 100%

Clinical Draw

I am the PCP for multiple faculty members, department directors, Hopkins' executives and their families. I also care for many local and regional residents. For both GIM and HIV care, I have patients from: Virginia, Delaware, Pennsylvania, Florida, Connecticut, New York, Nevada, Maine; US Virgin Islands, United Kingdom, China. In the most recent Patient Satisfaction Survey, practice was rated in the 95 percentile for overall satisfaction, and 97 percentile for provider satisfaction.

Membership in or examiner for specialty board: N/A

Clinical Program Building / Leadership

2004-2012 Member, Tumulty Practice Leadership Group, lead by Dr John Flynn, with Drs. Sisson, Miller and Ashar. Practice management and practice improvement.

2005- present Medical Director, Green Spring Station HIV program/Rockland Physicians. Responsible for the practice, including negotiating/supervising the move of the practice site (twice), recruiting faculty, growing the practice and ensuring overall quality clinical practice, esp. before appointment of an ID Clinical Director.

2004-present Bartlett Service Providers Meeting/Case Conference: I facilitate the meeting approximately 1-2/month.

2002 – present: Member, Clinical Systems Advisory Committee (CSAC), Johns Hopkins Medical Institutions.

2005-2008 Advisor, Charge Capture Comparison Advisory Group, DOM. (2005-2008)
 2007-2009 Member, Johns Hopkins Medicine, Medication Reconciliation Task Force. (2007-2009)

Clinical Demonstration Activities to external audience, on or off campus; N/A

Development of national or internationally recognized clinical standard of care documents: N/A

EDUCATIONAL ACTIVITIES

Educational Focus: My educational foci are: (1) the role, and improving the skills, of medical/biomedical educators; (2) gaining recognition for educator faculty, (3) proper HIV care from a generalists perspective, with a focus on HIV and ARV complications and ARV selection; and, (4) general internal medicine care both for patients with complex medical problems as well as those seeking primary care. All are done locally, nationally and internationally.

Teaching

Classroom instruction (all JHMI/Regional)

1993-2003 Ambulatory Medicine Clerkship, “Chest pain and evidence based medicine,” JHUSOM. (*Monthly lecture given to a group of 10-30 third and fourth year medical students.*)

1995-1999 Medical Consultation Curriculum, #1 “The process of medical consultation,” #2 “Preoperative evaluation,” JHUSOM. (*Given approximately every quarter to medicine residents.*)

RESEARCH ACTIVITIES

Research Focus I am a clinician- educator. Though unusual for CEs to be heavily involved in research, I have been fortunate to be the clinical expert/consultant on a number of studies related to care of the individual with HIV, resulting in several publications. As such, it would be rare for a CE to be lead or senior author, though I had that privilege as well. Since promotion to Associate Professor, my scholarly and research focus has been the role, promotion and scholarship of the medical/biomedical educator, resulting in a number of publications.

Research Program Building / Leadership

2007-present	JHUSOM GIM Clinician Educator Mentoring and Scholarship Program: As director, I am responsible for all aspects of the program; for research I meet with faculty to help them develop an academic focus and complete academic scholarship, nearly all education related, for dissemination. The importance of approaching their educational activities as scholarship is stressed. I help pair people with colleges throughout the university, strategize how gain a national reputation, and complete activities that will lead to dissemination. Over 100 publications have resulted from faculty utilizing CEMPS resources.
2009-present	Institute for Excellence in Education. As Director, I am responsible for all aspects of the IEE. For research we have created and have grown the Faculty Education Scholars' program, providing grants and mentorship to faculty to study important questions in education, both domestically at Hopkins and internationally. All applicants receive detailed and specific feedback. A stated goal is to build future educational leaders and to generate and disseminate scholarship. The IEE also runs an annual Conference, focusing on dissemination of educational scholarship, and techniques to improve scholarship. In 2014 we added a "shark tank" for faculty to present nascent ideas and receive feedback, and funding. Part of the IEE's mission is to deep and grow educational scholarship.
