HOT TOPICS IN CARDIOMETABOLIC RISK

April 24–25, 2020

Elbow Beach Hotel
Paget, Bermuda

DESCRIPTION

This two-day symposium on Hot Topics in Cardiometabolic Risk will provide physicians and the health care team with relevant updated research and new developments on health risks tied to metabolic syndrome. Presentations and interactive discussions will focus on diabetes, hypertension, obesity, kidney disease, long-term care and prevention of cardiometabolic disease, cardiovascular challenges, and other related topics. Participants will have the opportunity to meet with speakers during breakfast on the second day of the symposium.

OBJECTIVES

After attending this activity, the participant will demonstrate the ability to:

- Increase knowledge, competence and skills to enhance effective evaluation, management and treatment of patients with cardiometabolic syndrome.
- Provide insight into risk factors, preventative measures, and the economic and healthcare burden of cardiometabolic syndrome.
- Resolve misconceptions, increase awareness and enhance diagnosis of cardiometabolic syndrome and related disorders in the medical community.

ACCREDITATION STATEMENT

The Johns Hopkins University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT

The Johns Hopkins University School of Medicine designates this live activity for a maximum of 8.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
