ANNUAL

Clinical Care of the **Patient** with **HIV Infection** and Care of Patients with Viral Hepatitis

April 24 – 25, 2017
Renaissance Harborplace Hotel
Baltimore, Maryland

This activity has been approved for AMA PRA Category 1 Credits™.

COURSE DESCRIPTION

he purpose of this activity is to provide a state-of-the-art overview of the clinical care of patients with HIV infection and patients with viral hepatitis for practicing clinicians and other health professionals. The material will be clinically oriented with a focus on the latest pertinent data from clinical trials and basic research. Participants can expect to become more familiar with the primary care of the patient with HIV infection and the management of clinical complications of HIV disease and viral hepatitis. Other related topics will be discussed.

OBJECTIVES

After attending this activity, the participant will demonstrate the ability to:

- Manage patients with comorbid conditions and infections, including tuberculosis and other
 opportunistic illnesses, renal disease, sexual transmitted infections, viral hepatitis, GYN
 disease, and anal dysplasia and cancers.
- Identify and be prepared to treat viral hepatitis, particularly Hepatitis C, using recently approved treatments.
- Describe and appropriately prescribe antiretroviral therapy for HIV.
- Work effectively with specialized populations including men who have sex with men, transgender persons, and patients challenged by mental illness and substance abuse.

WHO SHOULD ATTEND

Internists, Family Practitioners, Infectious Disease Clinicians, Nurses, Nurse Practitioners, Physician Assistants, Nurses, Social Workers, Counselors, Pharmacists, Case Managers and other Allied Health Professionals practicing in the area of HIV and/or viral hepatitis.

Accreditation Statement

The Johns Hopkins University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
