JOHNS HOPKINS
MEDICINE

Description

Changes in otolaryngology-head and neck surgery are occurring at a rapid pace including, advances in transoral robotic surgery, endoscopic skull base surgery, diagnosis and treatment of patients with head and neck cancer, and the assessment and treatment of hearing loss. The goal of this course is to provide health care practitioners with a comprehensive update on current practices in all fields of otolaryngology-head and neck surgery.

Who Should Attend

This course is designed for practicing otolaryngologists – head and neck surgeons, nurses, speech-language pathologists and audiologists. Some course lectures will also be intended for facial plastic surgeons, endocrine surgeons, neurosurgeons, and pediatricians.

Objectives

After attending this activity, the participant will demonstrate the ability to:

- Review updated guidelines in the evaluation and management of pediatric otolaryngology disorders, adult neck masses, and thyroid disease.
- Assess new technologies and emerging state-of-the-art procedures for the treatment of laryngeal leukoplakia, Eustachian tube dysfunction, transoral thyroidectomy, and facial reanimation.
- Apply evidence-based best practices to specific otolaryngology situations such as rhinitis, olfactory loss, nasal polyps, facial nerve monitoring, tonsillectomy, oral cavity lesions, and Meniere's disease.

ACKNOWLEDGEMENT

Applications for commercial support from health care related industries are pending. A complete list of contributors will be provided in the syllabus. Please note that commercial support received is solely for the educational component of the activity and will not be used to provide food and beverage.
Please note: The Physician Payments Sunshine Act was enacted by Congress to increase public awareness of financial relationships between drug and medical device manufacturers and physicians. In compliance with the requirements of this Act, the commercial supporter/s of this activity may require the Johns Hopkins University School of Medicine to report certain professional information (such as name, address, National Provider Identifier (NPI), and State License number) of physician attendees who receive complimentary food and beverage in conjunction with a CME activity. The commercial supporter is required to submit the collected data to the Centers for Medicare and Medicaid Services which will then publish the data on its website.
