Unfortunately, due to concerns surrounding the current state of affairs of Puerto Rico as a result of Hurricane Irma, this activity has been relocated for 2019. Cancun is sure not to disappoint as this new location boasts all the amenities you were accustomed to in Puerto Rico. Our continued thoughts are with Puerto Rico and all the families affected by the disaster. We expect to return to San Juan once again in 2020.

Description

The **19th Annual Gastroenterology and Hepatology: Viva la Vida** will provide, through formal lectures, questions and answer sessions, as well as interactive sessions such as hands-on demonstrations and interactive endoscopic cases from the Johns Hopkins Hospital, presentations of various gastrointestinal and liver disorders that will be of interest to practitioners in the field. Attendees will be updated in a series of symposia to include current approaches to patients with IBD, fatty liver disease, pancreatitis, hepatocellular cancer, advances in Hepatitis C treatment and hot new and emerging topics including anal intraepithelial neoplasia, considerations for anesthesia, surgical interventions for GERD, submucosal endoscopy and endoscopic palliative bypass procedures. There will be a special symposia on bariatric weight loss including surgical options, endoscopic approaches and guidelines on how to build a bariatric program in your center. This year, the conference will focus on common clinical challenges faced by practitioners with clinical cases ranging from persistent abdominal pain, management of esophageal reflux, and intractable bloating.

Who Should Attend

This activity is intended for gastroenterologists, hepatologists, surgeons, fellows, residents, physician assistants, nurses, nurse practitioners, and allied health professionals who are interested in gastroenterology and hepatology. A special session on Thursday will be devoted to nurses and nurse practitioners.

Objectives

After attending this activity, the participant will demonstrate the ability to:

- Describe recent advances in inflammatory bowel disease including the role of surgery and the detection of cancer in these patients.

- Discuss new medical and surgical advances in treating liver disease, including pregnant patients.
- Discuss recent developments in the management of pancreatic disease, including pancreatic cysts, pancreatitis and pancreatic cancer.
- Discuss the management of the various esophageal diseases with recent developments in therapy.
- Describe recent advances in therapeutic endoscopy with a focus on endoscopic technique.

Accreditation Statements

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Johns Hopkins University School of Medicine and The Institute for Johns Hopkins Nursing. The Johns Hopkins University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The Institute for Johns Hopkins Nursing is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Credit Designation Statement

The Johns Hopkins University School of Medicine designates this live activity for a maximum of 20 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other Credits

This 20 contact hour educational activity is jointly provided with **The Institute for Johns Hopkins Nursing**.

American Academy of Nurse Practitioners National Certification Program accepts AMA PRA Category 1 Credits™ from organizations accredited by the ACCME.

American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credits™* from organizations accredited by ACCME. Physician assistants may receive a maximum of 20 AAPA Category 1 CME credits for completing this program.

The Johns Hopkins University has approved this activity for 20 **contact hours for non-physicians**.

Maintenance of Certification

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 20 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program.

Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Policy on Speaker and Provider Disclosure

It is the policy of the Johns Hopkins University School of Medicine and The Institute for Johns Hopkins Nursing that the speaker and provider globally disclose conflicts of interest. The Johns Hopkins University School of Medicine OCME has established policies in place that will identify and resolve conflicts of interest prior to this educational activity. Detailed disclosure will be made prior to presentation of education.
