

Johns Hopkins Melanoma and
Cutaneous Oncology Program
presents

Update on Melanoma and Non-Melanoma Skin Cancer

Thursday, May 16, 2019

Buffet Dinner at 6:00 p.m.

Lectures from 6:30 to 10:00 p.m.

The Hotel at Arundel Preserve
7795 Arundel Mills Boulevard
Hanover, Maryland 21076

Description

In the United States, the incidence of skin cancer is greater than that of all other cancers combined. Early diagnosis of melanoma and other aggressive skin cancers can be lifesaving. Skin cancer is a substantial public health concern and is being increasingly diagnosed and managed by primary care physicians. This activity aims to update physicians with new information on diagnosis and treatment of melanoma and non-melanoma skin cancer. This activity will consist of a buffet dinner followed by a series of brief lectures and case presentations.

Who Should Attend

This activity is intended for dermatologists, internists, family physicians, surgeons, plastic surgeons, dermatologic surgeons, medical oncologists, radiation oncologists, oncology nurses, and physician assistants.

Accreditation Statement

The Johns Hopkins University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation Statement

The Johns Hopkins University School of Medicine designates this live activity for a maximum of 3.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
